For your information:		
<ul style="list-style-type: none"> If an item is not listed, call us for more information before you bring it out. See our website for more resources for miscellaneous items. Services are limited to Marshall County residents’ personal household recycling or hazardous waste. Businesses/Schools/Non-Profits must qualify as a VSQG: Very Small Quantity Generator, meaning your organization generates less than 220 LBS of haz waste per month or 2.2 lbs of acute haz waste at any time. See our website under Business for more details. We do not accept explosives, radioactive devices, houseware items or décor, appliances w/o Freon, furniture, mattresses/box springs, scrap metal, or commercial/school lab chemicals. Need a disposal solution? Call us! 574-935-8618.
